Hello LITTLE MERMAID CAMPERS!

No matter what your role in this production, you are an important part of this adventure and I'm excited to help you remember it for years to come!

I'm excited to join the Ashland Productions team. Having worked in theatrical photography for over 7 years I have had the opportunity to shoot everything from small black box to full stage performances involving 115 performers, serving as principal photographer for Woodbury Community Theatre and as well as the Woodbury High School Theater. Additionally, I have a studio in Woodbury and shoot for Woodbury Magazine. Photographs from my most recent shows and studio work are available for review at www.bergetphotography.com

I will be around this week to photograph your rehearsal process as well as your final performance. A favorite are the individual and buddy personality shots where I give everyone a chance to grab their friends or just have one taken alone on stage. The result will be a DVD full of memories which belong to you for years to come. I work very hard to capture the essence of everyone both on and off stage and we will work together to create a great cast & crew photo which is also a part of the DVD. This DVD is available for purchase for \$20 and includes a print release so you can display the photos as you choose although you are not allowed to copy the DVD. There will be hundreds of images to help you preserve your memories and show your family and friends.

If you would like a DVD please fill out the form and write the check to:
Jeanne Berget Photography (\$20) This is due July 23. You can mail it or bring it to camp and hand it to your director or Rob Sutherland.

Or if you would prefer - mail it to the address below or Pay Pal it to
bergetphoto@comcast.net

As always - Sneak Peek Images available on FB at Jeanne Berget Photography's page.

Break a leg! I'll see you soon!

Jeanne
